Save Time and Money by Shopping Here!

It is interesting to shop around---it is instructive. We encourage and prefer our patrons seeing what other stores offer before coming here. It gives us a better, more satisfactory opportunity to demonstrate the advantages we believe will be evident to those who desire to buy. The values offered by us will be more appreciated.

Our Fall Stocks are Here

A readiness awaits our patrons hard to anticipate without actually inspecting each line. Notable among the successes of the BIG STORE is the adequate assortment of stocks to meet every style, taste and the price appropriation of each individual. There is Only One Way to Conduct a Successful Clothing Business

That's to "make good" every time

The sale of a suit or overcoat is incidental to securing a customer's confidence. The profit we'd make would not compensate us the loss of a customer. That's the reason of our selling Kirschbaum Clothes. While we make less money on them than other makes we could buy, they are so uniformly good year in and year out, they invariably give such excellent satisfaction, that we pin our faith to them above all other makes. Great enough variety of styles and models to make your selection certain---Suits, Top-coats, Raincoats with or without convertible collar, the latter rain-proofed by the very best process in the world, "Priestly Cravenette." The Kirschbaum Label is the identification mark of the best clothes made at the price. PRICES \$10.00 TO \$25.00.

Fall Shirts---Neckwear---Hose

To complete your outfit, you find here, too, your best opportunity to buy furnishings. The new shirts in all the new styles and colors that are demanded for fall for the well-dressed man---as well as the plain and more conservative patterns. We have the "EAGLE" and other well-known makes. Neckwear, too, in a broad variety of patterns in both fancy and plain colors---a showing that permits a satisfactory and pleasing selection. In men's and young men's hosiery you'll find colors and patterns to your liking and at the same time you'll get hose that will give satisfactory wear.

The Season's Newest and Best in Women's and Misses' Apparel Meet Here on a Common Low Price Footing

The satisfaction of knowing that your Suit, Dress or other garment is a style leader in exquisite good taste is worth even more to you, then the savings afforded you through our low price policy of merchandise.

All Goods Marked in Plain Figures

BY LENA RIVERS.

ED. ANVIL HERALD:

V. A. Johnson and daughter, Miss Sue, have gone back to the ranch near D'Hanis. Miss Sue will teach the Squirrel Creek school.

The friendly old Stork visited the home of Mr. and Mrs. Ira Collins, Sept. 30th and left 6 and 6 1/2 pound twin girls. Miss Alice Schley visited relatives at Devine Saturday and Sunday.

A State Bank with a \$12000 capital stock has been organized here with W. P. Riley, president, and J. A. Wells, vice-president. A 6000 pound safe will arrive this week and will be placed in an office room until a stone building can be erected.

Prof. Vernon Rumsey visited his family at San Marcos the past week.

Mr. and Mrs. L. T. Spencer and little daughter, Mildred, visited Mrs. Spencer's sister, Mrs. Lizzie Adams, at Devine Saturday.

Misses Alice Lytle and Fannie Heathcock, teachers of the Bexar school, spent Saturday and Sunday here with home folks.

Lee Burk of Lacoste visited his parents here Friday.

Mrs. J. R. Stroud and little daughters, Delila and Maud, of Devine, are guests of her mother and sister, Mrs. E. J. Briggs and Miss Florence Briggs.

Osmond Dollahite left Sunday for Trent to join his family. From there they will go to Oklahoma, their future home.

As Birkner, the school-house contractor, was here a part of the week looking after work on the school house which was delayed two weeks on account of lack of material.

Noonan Notes.

BY CRITIC.

ED. ANVIL HERALD:

Our little town is improving some. Fritz Huesser is giving Joe Tschirhart's saloon a coat of paint.

Delegates from the Deutscher Schutzen Verein will go to the Quhui Gun Club meeting next Sunday.

Nic. Tschirhart is busy gathering his corn crop. He says he will not make enough to fatten his hogs.

Monday night, some one passing through Geo. Christilles' pasture must have been very much in need of wire, seemingly to repair a buggy-wheel. He cut about twenty feet out of the bottom wire of his horse pasture fence. Whoever it was could have gotten the wire at the house—which he passed within a few yards—by asking for same. Geo. says if the party does not come within a day or two to make repairs he will do it himself.

Tuesday it rained from 2 to 2:30 p. m. About one inch fell, filling tanks. Since the rain seed oats are in demand. Noonan, Sept. 29, 1910.

ED. ANVIL HERALD:

Miss Lenora Fuller, the popular young teacher of Longview School, was the guest of Prof. and Mrs. Roller Saturday and Sunday.

Prof. and Mrs. Roller and Miss Fuller dined at Mr. Jacob Reilly's on Sunday. Mr. and Mrs. Reilly are people of the "old School" and know how to make their guests have a pleasant time. In the evening several of the gallants of the neighborhood came in and the young people by the aid of music and croquet had a jolly time. Mr. Reilly measured one of his giant live oaks for the benefit of the gathering and found it 14 feet in circumference.

The Seco school opens on the 3rd of October with Miss Breeding of Liverpool, Texas, as teacher.

Rev. Mr. Dillinger and wife left Saturday morning for Sabinal to fill his regular appointment for the first Sunday.

The people of both Old and New D'Hanis are looking forward with pleasure to the big barbecue and ice cream festival to be given on the fifteenth of October by the generous gentlemen of Old Town, Messrs. P. M. Koch, Will Finger and August Garteiser. The proceeds will be given to the Public School to seat the nice school auditorium.

Mr. J. B. Ney, our popular road commissioner, is making a veritable turnpike between old and new D'Hanis. Mr. Ney is certainly the right man in the right place.

Dr. Alexander, Miss Kate Saathoff and her brother were entertained by Mrs. Roller on Friday night. The occasion was a farewell to Miss Kate, who goes to take charge of her school Monday. "Forty-two," wine and cake was the order of the evening.

The Misses Hanley, accompanied by Miss Moore, the accomplished Primary teacher of the Public School, spent the evening at Mr. E. A. Saathoff's Friday.

Quite a coterie of young ladies and young gentlemen met at the hall of Sauter & Koch on Saturday night to "trip the light fantastic." The music was fine, the weather propitious, the young people in good spirits and all went merry as a "Marriage Bell" until the Chimes of Midnight warned all that Sunday was present.

Judge Allen, candidate for Congress of this district, spoke to a good audience in Sauter & Koch's hall, Saturday evening, Sept. 1st. The Judge is a fluent talker and made a good speech. He was accompanied by Messrs. Moore and Reinhart of Sabinal.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Unreliable Proverb.

The milkman was blue. "It don't pay to take too much stock in proverbs," he said. "My father taught me that early to bed and early to rise was the key to prosperity. I believed him, and look at me now. I go to bed before supper and get up at one o'clock in the morning, and the only party getting rich out of it is the milk trust."

Another runaway accident happened to Mrs. Ed Bourquin and daughter, Mrs. Paul Flathouse, of Upper San Geronimo, Monday noon on their way coming to town. While descending the hill at the Hoffmann crossing the breeching broke, which frightened the horse and he began running and kicking, throwing the occupants of the buggy out. Though both ladies suffered bruises it was found that neither of them was seriously injured. The buggy and harness was damaged to some extent.

On the evening of the same day while Mr. Jacob Hutzler of Lower Medina was purchasing meat at Ed Hans' butcher-shop his team took fright, it is presumed at the thumping noise made by Mr. Hans' gasoline engine, and ran down the street but were easily stopped near the Lone Star saloon. No damage.

Mr. Joe Biry of Lower Medina left the fore part of the week on a visit to kinfolks and friends at D'Hanis.

Messrs. Ridgill and Burns.
Thousands of people have stomach trouble, constipation, indigestion, sick headache, etc., and don't know what to do for it. Perhaps the experience of Mr. Ridgill, postmaster at Bruceville, Tex., and Mr. Burns, Wabash R. R. engineer, Bement, Ill., will suggest a method. Both of these men take pleasure in saying that they cured themselves with Dr. Caldwell's Syrup Pepsin. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by W. H. Windrow, at 50c and \$1 a bottle.

Can't Learn in School.
When the stomach is out of order or the bowels constipated, a feeling of drowsiness and inactivity comes over the body. The brain won't think and the body won't work. If it is a child who suffers in this way, it naturally can't learn well in school, as it has no inclination for study. Give the child a dose of Dr. Caldwell's Syrup Pepsin and you will soon find it wonderfully improved and ultimately cured. It is guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by W. H. Windrow at 50c and \$1 a bottle.

Last Sunday the Philathea class met in the parlor at the parsonage during the lesson period. The change proved very satisfactory, indeed, it being more quiet and the lesson was more freely discussed by the ladies.

Hon. Noah Allen Speaks.

Hon. Noah Allen arrived on the belated east bound passenger Saturday night and delivered his speech, as announced, at the Courthouse about 9 o'clock. Mr. Allen talked an hour and a quarter to a small audience many of whom left before he finished. He was introduced by Postmaster Joe Fohn.

Mr. Allen said we live in a progressive age and urged his hearers to apply progressive and business ideas to politics—to vote for their interests and not for the party label. Incidentally, he thought it to their interest to vote for him and for a protective tariff and against Judge Garner and a tariff for revenue only. He devoted some time to a discussion of the tariff, professing his faith in the principle of protection.

He devoted considerable time to what he was pleased to term Judge Garner's "pork barrel politics" and ridiculed Garner's efforts along the line of securing appropriations for his district.

Judge Allen intimated very broadly that Judge Garner is afraid to meet him in any further joint debates but did not say so in so many words.

The speaker was in bad voice and his effort was labored from start to finish. He was accorded a respectful hearing throughout but a disturbance on the street nearby caused a commotion in his audience and marred his concluding remarks somewhat.

On Sunday he went to the Quibi Gun Club picnic where he delivered a brief non-partisan address on good citizenship. He returned to Hondo in the afternoon and went to San Antonio on the evening train. Judge Allen was accompanied on his trip here by Mr. C. P. Woods, President of the Sabinal Mercantile Co. and Vice-President of the Sabinal State Bank.

Mothers' Club Reception.

The Mothers' Club of Hondo entertained in honor of the Hondo High School faculty at the home of Mr. and Mrs. Joe Fohn last Monday evening. Despite the mud from the morning rain, a goodly number turned out and a very pleasant evening was spent.

Miss Cora Bierschwale, the music teacher, rendered several pretty selections on the piano. Mrs. J. S. Monkhouse sang several sweet songs. And Miss May Thomason, the elocutionist, rendered a most touching recitation.

Prof. T. C. Hickman addressed the Mothers' Club and complimented the ladies very highly for the work they are doing. He suggested plans whereby the club, with the co-operation of the School Board, might greatly improve the school grounds as well as the interior of the rooms, supply a library, etc. His remarks were very timely and appropriate, and made a favorable impression on his auditors.

Cake and fruit punch were served during the evening. Misses Cora Bierschwale, Meda Meriwether and May Thomason presiding at the punch bowl.

The guests departed at 10 o'clock after many expressions of thanks to Mr. and Mrs. Fohn for their generosity and hospitality to the Mother's Club and guests.

The progressive people of D'Hanis, with a spirit ever mindful of the advancement of the cause of education, will give a grand barbecue at the Old Town pavilion Saturday, Oct. 15th, for the benefit of the D'Hanis Graded Public School. Ice cream, lemonade and soda water will also be served on the grounds, and dances will be given in the afternoon and at night. All lovers of pleasure and those wishing to contribute to the advancement of educational affairs in D'Hanis are cordially invited to attend.

School Opening.

The Hondo High School opened for the 1910-1911 term Monday with all teachers present.

Owing to the auditorium not being seated no effort was made to have a formal opening. However, the School Board and several of the patrons braved the inclement weather to attend and after brief speeches by Profs. Hickman and Spradling of the faculty, and by Messrs. Haass and King of the Board of Trustees, the school was launched upon the work of the session.

The school has been divided into three departments, the better to facilitate the work. Profs. T. C. Hickman and W. L. Spradling and Miss Nora Johnson have charge of the High School department.

Mrs. H. G. Henderson and Miss Rhea Mackey have charge of the Grammar School department. And Misses Stella Stone, Annie Spencer and Lena Stone have charge of the Primary department.

The first bell for school rings at 8:30 in the morning and school opens at 9 o'clock. At the noon recess the bell rings at 12:30 and school work is resumed at one o'clock. A prompt attendance of all pupils is urged by the faculty.

There have been 260 pupils enrolled.

Our school has an able faculty of competent teachers and with the increased facilities a highly successful term is confidently expected.

Dr. A. SACHS, Specialist of the Eye, Ear, Nose and Throat, of San Antonio, Texas, will be in his office over the First National Bank Monday, Oct. 10th, from 11 a. m. to 5 p. m. Parties needing his services are requested to call accordingly.

Following some excessively warm, sultry weather a brisk norther blew up early Thursday morning and the temperature dropped pretty low Thursday night. Coats have been quite comfortable since. The north wind drove the clouds away and the rains appear to be over.

In our announcement column will be found the announcement of Henry V. Haass as a candidate for election to the office of County Surveyor of Medina County. Mr. Haass has filled this responsible position for years and in so satisfactory a manner as to be without any opposition.

Carl Hough, a traveling photographer, who has been working this section for some time with a young boy whose name we have not learned, dropped a letter in the postoffice, warning the boy not to molest him, and taking the horse, buggy, photograph outfit, money and every thing slipped away Thursday leaving the boy stranded here. Hough has been seen at D'Hanis and the Seco going west and Deputy Sheriff Aug. Schuehle is on his trail as we go to press Friday.

Charles B. Brown authorizes us to say that he has withdrawn from the race for Sheriff of Medina County. Mr. Brown does this to engage in a more lucrative business in San Antonio, to which place he is moving, and assures his friends that he appreciates their support and only takes this step in order to better himself financially. The news of his withdrawal will be a disappointment to Mr. Brown's supporters, who had great hopes of his success in the race, but they will all unite in wishing him success in his new undertaking.

Public Speaking by Candidates

The public generally is invited to attend.
Good order is guaranteed and a fine time assured.

There's a Difference—

No counterfeit has ever produced a perfect dollar bill. No imitator has ever equalled Parke, Davis & Co.'s quality.

Divide men into classes—druggists, physicians, preachers, manufacturers, etc. Would any man anywhere under the sun be guilty of saying that all druggists are alike, all physicians alike, all preachers alike, or that all manufacturers are alike? Just as there is a difference in men so is there a difference in the medicines made by different manufacturers. For years, in practically all our Prescriptions, we have been dispensing preparations manufactured by Parke, Davis & Co., of Detroit, acknowledged to have the largest and best equipped laboratories in the world for the scientific preparation of high-grade pharmaceuticals. This is one of the main reasons why Doctors prefer to have us fill their prescriptions, because there is no guesswork about Parke, Davis & Co.'s remedies, they are always the same—always the best. And the nice thing about it is—they cost no more than inferior makes. Try us once and you will come again.

Mrs. F. Loechelin returned to Seguin Wednesday morning after spending a week or more with the family of her son-in-law, Rev. Buss, of Yancey. Rev. Buss reports his little son as recovered from his recent severe illness.

T. A. Dean and Ross Holloway came in Saturday from Dunlay. Mr. Dean informs us that the Dunlay gin has turned out 215 bales and that there will not be over five or six more to gin there this season. They returned to Dunlay Thursday.

From the San Antonio Light's 21-years-ago column of Monday last, we clip the following: Robert Wantz, aged 11 years, was killed Sunday at Hondo City by being thrown from a horse while riding in a race. He was a nephew of John Keizer of San Antonio. Charles Scheidmantel, assistant stock claim agent for the Southern Pacific, has gone west.

Mr. X. Wantz enjoyed a visit Wednesday and Thursday from Robert Schleider of Comfort, a former comrade-at-arms during the troublous days of the sixties. The two old gentlemen had not met in forty-five years, or since receiving their discharge from the U. S. army at San Antonio in 1865. They had an enjoyable time together, living over those stirring times.

The Mothers' Club will meet at the School house next Monday afternoon, Oct. 10, at four o'clock, at which time the semi-annual election of officers will take place. Prof. T. C. Hickman will address the Club on "The Most Pressing Needs of Our School at Present". All members of the Club and those interested in the Club work or the welfare of the school are invited to attend.

T. G. Campbell received the sad news from Shreveport, La., this week that his friend, W. C. Scarborough, had died there Sunday, Oct. 2nd, from an operation for appendicitis. Mr. Scarborough was a railroad contractor and will be remembered as having spent several months here a year or so ago while waiting for work to begin on the Crystal City & Uvalde R. R. His friends are pained to learn of his untimely death.

Deputy Sheriff August Schuehle and Night Watchman Otto Lebold arrested Jim W. Turman here Saturday night on a charge of horse theft. Turman went willingly towards jail until nearly to the courthouse when, remarking that "here is where I must leave you", he darted off up the street going in a westerly direction. Mr. Lebold took a few shots at him with his revolver but the fugitive made a clear get-away and has not yet been apprehended.

J. T. Barron, Government Demonstration Agent, was here Thursday in the interest of his work. Mr. Barron says the boys of Uvalde are very much interested in corn growing under the direction of his department. He wants to organize a corn club among the boys of Medina County. Another point which Mr. Barron wisely emphasizes at this particular time is the importance of destroying the cotton stalks now in the fields. They will continue to grow and put on new forms until frost unless destroyed. Besides sapping the fertility of the soil to no useful purpose this growth will furnish a hatchery for boll weevils which, hibernating through the winter, will furnish the seed to breed untold millions of these pests next year should the season be favorable to their growth and development. He advises that the stalks be plowed under immediately or if needed the stubble might be pastured closely. In any event the stalks, he thinks, should be destroyed as early as possible.

GROUCH WAS TOO HASTY

Chose the Wrong Moment for Complaining of the Lack of Variety in His Diet.

"Beef again," said the head of the house, discontentedly, as the platter was placed before him. "Do you know, my dear, there are times when beef begins to pull on me."

"We had lamb yesterday," said his wife, "and on Monday, you know, we had a roast loin of pork."

"Oh, I know. That's just it. Beef, mutton, and pork—perk, mutton and beef—one monotonous round."

"You don't care for chicken."

"Oh, I get tired of chicken, that's all. What I would like is a little change."

"We had a rabbit stew last week. I thought you enjoyed that. If you like I'll have it again to-morrow."

"My dear," said the head of the house, "I don't see why you imagine that because I happen to eat something with a tolerable relish I can stand for it seven days in the week. Let the rabbit rest for a while. Beef!"

"If I had known you wouldn't care for it, I might have had some fish."

"You can't get any fish that has the right flavor after it has been packed and kept on ice."

"It's a pity that some new animal can't be invented for you," said the long-suffering housewife, rebelling. "I was reading the other day that they ate iguanas in South America, and that the Digger Indians considered snake eggs a delicacy."

"I don't think I am hard to satisfy," said the head of the family. "Perhaps I had no right to hint that an occasional variety in my diet would be what is this?"

"What is which?" asked the lady, as he masticated slowly and analytically. "This meat."

"It's venison steak. The red currant jelly is to the right of you."

"I suppose you think that's funny," said the head of the house.

A GOOD MAN.

Lottie—At the charity bazar he gave me five dollars for a kiss.

Dottie—Yes; there's nothing he wouldn't do for charity.

Pun Passed Up.

A solemn discussion was in progress about the changing of the meaning of words.

"Telescope" was being dissected. One of the speakers said that telescope meant literally a means of "seeing near," not a thing that shut up—that the telescope ordinarily did not do so, yet the word was applied, because of this supposed meaning, to a form of basket or satchel which shut up, and also a collision between trains when one car is crowded into another.

"It seems to me that it would be more sensible to call that a kaleidoscope," said one brilliant wit.

And it was a hearty laugh that answered the question which followed from the feminine member of the party whose mind is above such trivialities as puns. The question was, "Do kaleidoscopes shut up any more than telescopes?"

Won on the Call of Time.

Entertainment was more or less high in the clubroom that night, for Jones had been trying close on an hour to get Brown, the wildest man in the club, to answer a certain question. But his efforts were all in vain.

"Look here, Brown," he shouted angrily at last, "will you answer me with a plain 'Yes' or 'No'? That's all I want!"

"Yes," said Brown, suddenly; "I will, on condition that you first give me a plain 'Yes' or 'No' to one of my questions."

And Jones assented readily.

"Done!" he said. "Fire away!"

"What is the time, please?" inquired Brown, blandly.

Then Jones, with both hands pressed to his suffering brow, faded silently from the scene.

Foolish Question.

At a christening in an English mining district recently the godmother had some difficulty in removing the child's head-dress, and the minister, wishing to help her, asked the father if he could hold the child.

Immediately the father, who was a soldier, and proud of his strength, looked at him with disdain, and replied:

"Hand him? Man, I could fling him right over the Kirk!"

No Hurry.

Mrs. Jones—You must be a little quicker, Mary. You are too slow about your work.

Mary (cheerfully)—Oh! That's all right, mum. What I don't do to-day I can do to-morrow.—Illustrated Bits.

A Pleasing Smile.

"You seem to like to contemplate the tulips in that garden bed."

"Yes," said the bibulous citizen; "they look like a tray of cocktails to me."

HAD TO MAKE CONFESSION

Not Only That But It Cost Hubby a Good Many Dollars to Square Himself.

"George," she asked, "why did you tell that man you were talking to over the telephone a moment ago that you envied him?"

"I don't remember. Did I say I envied him?"

"Yes, you did, and you said it as if you meant it. Who was he?"

"Oh, it was a fellow I met at the athletic club the other night. His name is Robinson."

"What were you talking about so long?"

"Nothing very important. He merely wanted to see me at lunch time to-morrow."

"And he didn't say why he wanted to see you?"

"No; I think he wants me to support him for some office."

"Oh, he is a politician?"

"No, no; I believe he intends to run for some office in the club."

"Was that why you said you envied him?"

"Certainly not. I don't want to run for any office. I haven't time for that sort of thing."

"Well, how can he take the time for it?"

"You see, he has no family. He isn't married."

"How long have you known him?"

"Just met him yesterday."

"And did you ask him then if he had a wife?"

"Yes—I mean no, no, Josephine—honestly I never—come, dearest, you don't think I'd—oh, well, confound it, if you insist on quarrelling, what's the use of denying it?"

Nevertheless she received permission the next day to buy the \$38 leg-horn hat that had pleased her fancy.—Chicago Record-Herald.

Forced To Leave Home.

A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.

LEFT HIS SPEECH AT HOME

Embryo Orator Loses Out Because of an Accident to Messenger Bearing His Manuscript.

"Mr. Toastmaster and Gentlemen," said the young man who was facing a crowd of listeners for the first time, "impressed by the—ah—importance of this occasion, I prepared a speech to—ah—be delivered here this evening and—ah—I would be very glad to—ah—give it to you, but I have forgotten it. (Loud applause). I would read it to you from the manuscript if I had not—ah—unfortunately left it in my room at the hotel. (Cries of "Good! Good!") But I have telephoned for it and—ah—a messenger is on his way here with it. I expect him at any minute. In the—ah—meantime I will say that it—ah—gives me great pleasure to be with you tonight. I am—ah—highly honored and—ah—I assure you that—"

"If the gentleman will pardon me for a moment," interrupted the toastmaster, "I have an announcement to make that will be of interest to him. Word has just come by telephone that the messenger who was bringing his speech was run over by an automobile and the manuscript has been lost."

After the tumultuous applause had been stilled a resolution of sympathy for the chauffeur was offered and passed with a whoop.—Chicago Record-Herald.

Capt. Bogardus again hits the Bull's Eye.

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says: "I suffered a long time with kidney and bladder trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." W. H. Windrow.

More Than Enough is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by all dealers.

Love may be blind but it knows when the gas is on too high!

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

It's impossible to defeat an ignorant man in an argument!

Biliousness is due to a disordered condition of the stomach. Chamberlain's Tablets are essentially a stomach medicine, intended especially to act on that organ; to cleanse it, strengthen it, tone and invigorate it, to regulate the liver and to banish biliousness positively and effectually. For sale by all dealers.

It takes a born diplomat to hide his ignorance in a smile!

Don't trifle with a cold is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's Cough Remedy for coughs and colds in children. It is safe and sure. For sale by all dealers.

"You Can Fool All the People Part of the Time and Some People All the Time"

It is a very common occurrence for some piano dealers to advertise a lot of unknown makes, of unknown value, at prices that are supposed to effect a saving to the buyer, but eventually the unsophisticated discover that their supposed bargain was a rather expensive purchase.

Our instruments are standard makes and priced in accordance with their intrinsic value. Every piano in our showroom bears the guarantee of the maker in addition to our own. When you purchase a piano at this store you can depend on the quality and by reason of our one-price method you know positively that some other individual has not bought a similar instrument at a lesser cost.

The cultivated, the discriminating, the prominent, almost always use one of these makes:

MASON & HAMLIN, HARDMAN, BUSH & GERTS, HARRINGTON, HENSEL

The greater the pianist's ability, the more cultured the ear of the hearer, the higher will be the appreciation of the rich and colorful tones of these instruments. They embody a distinct individuality, bringing to the surface the best there is in composer and pianist alike. Our easy payment plan will enable you to use the piano while paying for it. Old instruments taken in exchange.

Much Sickness Due to Bowel Disorders.

Mr. Batot came to Texas from Germany in 1846 with the first Castro colonists who settled old D'Hanis. He was then a small boy of some eleven or twelve years of age. The development of this section from an almost pathless wilderness, where the red man roamed at will, to a thickly settled country of peaceful and happy homes has all come under Mr. Batot's observation and gives him a wonderful store of interesting reminiscence. They returned home Saturday evening.

The most valuable single variety of fruit that grows in this country is the Haupt Berry, a cross between the dewberry and the blackberry. It does best on black land Haupt Berry vines planted in high black prairie land on the 15th of June paid at the rate of \$400.00 per acre. Older vines paid \$1000 per acre, clear of cost of picking and crating, on the same kind of land without irrigation. John A. Head, Agent Ramsey Nursery. 4t.

The drouth has at last been broken. A light rain fell here last Monday morning and on Monday night and early Tuesday morning another fine rain fell. The precipitation altogether amounted to 3.70 inches. Reports from all over Southwest Texas as well as over the county indicate that the rain was general. Farmers are now busy planting fall crops and gardens and if frost remains off until late pastures will be greatly benefitted.

Letter to L. H. Crabtree.

HONDO, TEXAS.

Dear Sir: People ask how many square feet a gallon will cover. Depends on condition of building.

There is a great deal of lying on this point. The stock claim of lying paints is 300 square feet, two coats. It's a lie, as a rule.

Devoe covers 300 to 500, our agents think. We think 300 too low and 500 too high; though doubtless, they both occur. How much the other paints cover is equally doubtful; we guess 100 to 400.

The truth is found in another comparison. Devoe is all paint, true paint, strong paint, and full measure; the others in general are, at the best, diluted, adulterated and short measure. They cover according to body and measure. You can't paint with clay lime chalk sand barytes water or air—no body in them. Go by Devoe.

Yours truly,
F W DEVOE & CO

Editor Anvil Herald:

Big rain at Yancey Monday night, and the creeks are bank full.

Messrs. Hy. Kueck and Roswell Ward spent Monday at Hondo.

Mr. and Mrs. J. H. Burgin visited Hondo Sunday.

Mrs. J. E. Smith and Miss Mozell Milam of Uvalde are visiting at Yancey.

Mr. C. J. Oefinger of New Fountain visited Yancey last week and fell in love with our country and bought W. E. Newton's home place of 640 acres. We are always glad to have such men as Mr. Oefinger locate in our midst, but regret to give up Mr. Newton should he move away.

On account of high water Mr. Hardt, our mail carrier, failed to reach Hondo Tuesday.

The Yancey gins have reached the 700th bale and will perhaps get 150 more.

Our schools near Yancey are progressing nicely. Prof. F. C. Cannon is teaching the Lower Teahuacana school, L. F. Faselier is teaching the Community school, and Miss Bertha Green of Uvalde and Miss Lucile Davidson of Hondo teaching the Styles school. We commend the trustees upon their good judgment in securing the faculty in our schools and feel sure we will have good schools.

Farmers are planting turnips, corn, radishes, beets, lettuce, peas, in fact, nearly all kinds of seeds, and I hope they will reap an abundant crop.

Mr. and Mrs. J. M. Bandy are rejoicing—it's a boy.

Mr. Editor, will try and do better next time. The fence is washed down and the cows and calves are together, etc.
